*“Words make you think. Music makes you feel.

Yip Harburg

“Singing is a way of escaping. It’s another world. I’m no longer on earth.”

Edith Piaf

Imagine a week spent listening and singing along with four of your favorite New Thought Musicians while you immerse yourself in the spectacular scenery of Alaska. We’ll cruise through the most beautiful landscapes while infusing our souls with positive message music from Michael Gott, Gary Lynn Floyd, Eddie Watkins Jr., and Karen Drucker. When we are at sea, each morning we will start off with “Morning Bliss” with each artist collaborating and sharing their chants and songs along with prayer, meditation, journaling, and movement to start your day in a positive way. Rev. Dr. Temple Hayes will be sharing thoughts and wisdom to ponder throughout the week, and there will be some workshops and a collaborative concert on our last day at sea.

At each port you are free to do whatever you want - sign up for a fantastic excursion, get a massage at the spa, or just read a book and rest. We will connect with each other daily and feel the love and community that being in a group of like-minded people can bring. This is an adventure and experience for your mind, body, and soul!

This musical cruise is for you if you want to:
