Rev. Karyl Huntley and Karen Drucker have a long partnership going back to the years Karen spent as the music director for the New Thought church where Rev. Karyl was the senior minister. Along with collaborating on many of the songs that Karen has recorded, they have facilitated workshops and ceremonies at women's retreats, conferences, and churches. Now with the ability to virtually come together through Zoom, Karyl (who lives in England) and Karen (in California) have created a wonderful workshop to bring in the holidays in a peaceful and sacred way.
